

# Seed Varieties - Canola

Brand	Variety	Maturity	Herbicide Tolerance	Hybrid / OP	Release Year	Blackleg Grouping	Blackleg Rating	Comments
Pioneer	43Y92CL	Early	Clearfield	Hybrid	2017	B	R*	Earliest maturing Pioneer Clearfield hybrid, with excellent adaptability across different environments assisting risk management in low to medium rainfall areas. Exceptional yield for maturity.
Pioneer	44Y94CL	Early-mid	Clearfield	Hybrid	2021	B, C	R*	Mid-fast phenology, excellent early season growth and outstanding yield & Oil potential. Highly adaptive to different environments, including dryland & irrigation.
Pacific Seeds	Hyola Feast CL	Late	Clearfield	Hybrid	2021			Dual purpose winter Grain and Graze Clearfield® hybrid.
Pioneer	45Y95CL	Mid	Clearfield	Hybrid	2022	C	R*	Quicker Mid maturity hybrid, shorter plant height and market leading yield.
Pacific Seeds	Hyola Equinox CL	Mid	Clearfield	Hybrid	2022			High Yielding Mid-Maturity Clearfield Hybrid.
Pioneer	45Y93CL	Mid	Clearfield	Hybrid	2019	B, C	R*	An early plant, early flowering mid that has a long flowering length providing high yield potential. Potential graze and grain option.
Seed Force	RGT Nizza CL	Quick Winter	Clearfield	Hybrid	2021	B	R (with Salstro)	Graze and Grain Quick Maturing Winter CL Hybrid. 7 to 10 days earlier than Hyola 970CL. Excellent early vigour and top end yield potential with a high oil content. More compact height than other winter varieties
Pacific Seeds	Hyola 970CL	V.Late	Clearfield	Hybrid	2017			Dual purpose winter Grain and Graze Clearfield® hybrid.
Pacific Seeds	Hyola Enforcer CT	Mid-Early	Clearfield & Triazine Tolerant	Hybrid	2020			High yielding Mid-Early maturity Clearfield® & Triazine dual tolerant canola Hybrid.
Nuseed	Nuseed Diamond	Early	Conventional	Hybrid	2015	ABF	MR	Early maturing hybrid. Very fast to flowering. Suited to low-medium rainfall zones. Medium plant height.

Brand	Variety	Maturity	Herbicide Tolerance	Hybrid / OP	Release Year	Blackleg Grouping	Blackleg Rating	Comments
Nuseed	Nuseed Quartz	Mid	Conventional	Hybrid	2018	ABD	R	Mid-mid-early maturing hybrid. Suited to medium-high rainfall zones. Medium plant height.
InVigor	LT 4530 P	Early-Mid	Liberty Link + TT	Hybrid	2022	To be confirmed	R (with ILeVO®)*	Australia's first TT hybrid with Liberty Link and PodGuard trait technology. This new hybrid is tolerant to both atrazine and Liberty (glufosinate) herbicides. Liberty applications in crop improves control of herbicide resistant weeds
BASF	3000 TR	Early-Mid	Round Up Ready + TT	Hybrid	2016	B	R-MR (with ILeVO®)	Earliest flowering dual-tolerance (TT-RR) hybrid, ideal for low and medium rainfall areas.
InVigor	R 3520	Early	Roundup Ready	Hybrid	2017	N/A	R (with ILeVO®)	Good performance across lower rainfall area
InVigor	R 5520 P	Mid	Roundup Ready	Hybrid	2017	ABC	R (with ILeVO®)	High yield potential in medium to higher rainfall zones. Combined with Podguard benefits
Pioneer	44Y30RR	Early-mid	Roundup Ready	Hybrid	2022	AB	R-MR*	Exceptional yielding hybrid across different environments, excellent early growth and oil.
Pioneer	44Y27RR	Early-mid	Roundup Ready	Hybrid	2017	B	R*	Mid-fast phenology, excellent early season growth and outstanding yield & oil potential. Highly adaptive to different environments. Quickest maturing Roundup Ready, use in late sowing situation.
Pioneer	45Y28RR	Mid	Roundup Ready	Hybrid	2020	B, C	R*	Early April sowing option. Marketing leading yield potential and oil content, providing greater income per hectare.
Nuseed	Nuseed GT-53	Mid	Roundup Ready	Hybrid	2017	ABDF	R	Mid - mid-early maturing hybrid variety. Suite to medium-high rainfall zones. Medium-tall plant height slightly taller than GT-50
