

Seed Varieties - Corn / Maize

Brand	Variety	Maturity (CRM)	Herbicide Tolerance	Usage	Release Year	Comments
Pioneer	P9127	91		Feed	2021	Short season hybrid, 91 CRM provides a late sowing or double crop grain or silage option. Strong plant with great yield potential for maturity
Pioneer	P9911	99		Feed	2017	99 CRM corn hybrid offering strong potential for feed grain or silage. Outstanding yield for maturity.
Pac Seeds	PAC 328	104		Feed/Silage		Quick Maturity Dual purpose Corn Hybrid.
Pioneer	P0725	107		Feed	2018	107 CRM that provides exceptional high yield potential for both grain and silage. Looser husk cover enabling quicker drydown.
Pac Seeds	PAC 440	108		Feed/Silage		Medium-Quick Maturity Dual purpose Corn Hybrid.
Pioneer	P1197	111		Feed	2021	111 CRM providing market leading grain yield. Current world record holder for grain yield with 38t/ha in the US. Short plant height with quick dry down post blacklayer.
Pioneer	P1315-IT	113	IT	Processing / Feed	2018	113 CRM Dual purpose hybrid providing grit, feed or silage options. Featuring Imidazoline tolerance (IT) for greater weed control options
Pac Seeds	PAC 606IT	114	IT	Feed/Silage		Medium-Quick Maturity Dual purpose Corn Hybrid with Imi Tolerance.
Pioneer	1477W	114		Processing / Feed / White	2019	114 CRM Dual purpose white corn hybrid providing white grain for human consumption, stockfeed and silage options.
Pioneer	P1504E	115		Waxy		CRM 115 - High yielding waxy corn, traditionally sold on contract for starch extraction for human consumption. Crop isolation required to ensure grain purity
Pioneer	P1545E	115		Waxy		CRM 115 - High yielding waxy corn, traditionally sold on contract for starch extraction for human consumption. Crop isolation required to ensure grain purity
Pioneer	P1756	117		Processing / Feed	2017	117 CRM - number one processing corn in Australia. Produces excellent grain quality, yields and high quality silage.
Pac Seeds	PAC 624	118		Feed/Silage		Medium Maturity Dual-purpose Corn hybrid.
Pac Seeds	PAC 804	118		Grit/Feed/ Silage		Medium Maturity multi-purpose Corn hybrid.
Pioneer	P1837	118		Processing / Feed	2021	118 CRM. Exceptional grain yield providing a step up in yield over P1756. Suitable for processing grain, stockfeed and silage.
