

Seed Varieties - Sorghum / Sudan

Brand	Variety	Maturity (CRM)	Herbicide Tolerance	Grain / Forage	Release Year	Comments
Barenbrug	Nudan		N/A	Forage		Sudan x Sudan grass, excellent leaf to stem ratio, first choice for quality hay production
Pacific Seeds	BMR-Octane	Late		Forage		Late Maturity BMR Forage Sorghum.
Pacific Seeds	Sugargraze	Late		Forage		Late Maturity Sweet Forage Sorghum.
Pacific Seeds	Superdan 2	Late		Forage		Late Maturity Sudan x Sudan Forage .
Pacific Seeds	BMR-Rocket	Quick		Forage		Quick Maturity BMR Forage Sorghum.
Pacific Seeds	Sprint	Quick		Forage		Quick Maturity Sudan x Sudan Forage.
Pacific Seeds	Jumbo	Ultra Late		Forage		Ultra Late Maturity Sudan x Sorghum Forage.
Pioneer	Betta Graze			Forage		Sorghum x Sudan hybrid. Great cold tolerance means it is first to plant and first to feed. Highly palatable, suitable for grazing, hay production and round bale silage.
Barenbrug	BMR Revolution		N/A	Forage		BMR Sorghum x BMR Sudan, superior 12 gene BMR release, lower lignin for improved animal productivity
Pioneer	Graze n Sile			Forage		Tall white grain bearing forage sorghum hybrid producing high quality pit silage. Alternative option to corn silage.
Barenbrug	Hunnigreen		N/A	Forage		Sweet Sorghum x Sweet Sorghum, high energy feed with superior sugar content. Leafy with excellent palatability, ideal for silage
Barenbrug	Lush		N/A	Forage		Sorghum x Sudan grass, leafy forage with excellent stem to leaf ratio, ideal for intensive grazing and high stocking rates.
Pioneer	Mega Sweet			Forage		Tall sweet sorghum with high feed value, suited to grazing, silage or stand-over feed. High sugar content with good planting flexibility
Pioneer	SSS			Forage	2015	Market leading sudan grass hybrid with excellent palatability and digestibility and a low prussic acid risk. Strong early vigour and quick to graze with exceptional tillering habit. Suitable for grazing, hay production and round bale silage.
Pacific Seeds	Halifax	Long		Grain		Long Maturity Grain Sorghum.
Pioneer	A66	Medium		Grain	2018	A strong all-rounder with planting flexibility, good grain size, great yield potential and toughness to suit dryland production

Seed Varieties - Sorghum / Sudan

Brand	Variety	Maturity (CRM)	Herbicide Tolerance	Grain / Forage	Release Year	Comments
Pioneer	A75	Medium		Grain	2019	High yielding grain sorghum with strong tillering habit, good standability and large grain size. Well suited to irrigated cropping
Pacific Seeds	MR-Buster	Medium		Grain		Medium Maturity Grain Sorghum.
Pacific Seeds	Resolute	Medium-Long		Grain		Long Maturity Grain Sorghum.
Pacific Seeds	Sentinel IG	Medium-Long	igrowth® / IMI	Grain		Medium Long Maturity Imi tolerant/igrowth® Grain Sorghum.
Pacific Seeds	MR-Bazely	Medium-Quick		Grain		Medium-Quick Maturity Grain Sorghum.
Pacific Seeds	MR-Taurus	Medium-Quick		Grain		Medium-Quick Maturity Grain Sorghum.
Barenbrug	Cracka	Mid	N/A	Grain		Medium height, semi open head with good lodging tolerance. Good, hardy, all round performer ideal for dryland situations
Barenbrug	Liberty	Mid-Late	N/A	Grain		White grain sorghum, midge tested 4, medium-tall height with a semi open head and moderate lodging tolerance. Ideal for silage
Pioneer	G33	Mid-Quick		Grain		Short statured plant with strong yield for maturity, good grain size and toughness to suit dryland production
